

# Train & Tracks

**Free train rides!** All aboard for a 20-minute ride on our comfy passenger coaches with friendly tour guides. To reduce time in line, we will hand out tickets to folks as they get into the **Ride Ticket Line**. Each train has a different colored ticket.

Once you get a ticket, you can check out other activities until it's time to board the train indicated on your ticket.

Only enter the **Boarding Line** when your train is next to board. Watch for signs indicating which train will be boarding next.

**Climb Aboard!** Experience the inside of an Alaska Railroad passenger train. Explore luxury passenger rail cars and take a peek inside the cab of a powerful locomotive. Ask questions to our knowledgeable and helpful staff.

**Track Maintainers!** Check out specialized track maintenance heavy equipment and talk to railroad maintenance experts to discover how we keep our rail corridor ready for train traffic.

**Fabulous Freight!** The Alaska Railroad hauls over 3 million tons of freight every year. Check out a variety of freight cars that make this efficient and green mode of transportation possible - from fuel tanker cars, to gravel/coal hoppers, to trailer-on-flat cars and more.
