

Anchorage Depot Remodel

Project Description

The Alaska Railroad Corporation (ARRC) is proposing the renovation of office space located in the Anchorage Historic Depot in Anchorage, Alaska. The passenger operations area is located on the east end of the Depot, an area that has not been significantly improved in 25 years.

Project Scope

- Replace carpet, ceiling tiles, lighting fixtures, lighting controls and furniture.
- Repaint interior walls.
- Install ergonomic work stations.

Project Benefits

The remodel will address and improve the following conditions:

- Reduce occupational injuries with the addition of ergonomic workspaces, replacement of worn surfaces and improved lighting in the operational area.

Project Status

- Environmental review and project design is underway.
- Upon National Environmental Policy Act (NEPA) approval, final design and permitting will be completed; then ARRC will solicit a construction contractor to complete the work.
- Construction is anticipated to begin in Spring 2026.
- Project completion is expected by Spring 2026.

Project Funding

The project is expected to be funded 80% by the Federal Transit Administration (FTA) with the required 20% match by ARRC.

Depot area being remodeled.
