WELCOME ABOARD!

Since our beginning, the Alaska Railroad has been a critical part of building the state of Alaska. Today, we also take pride in helping you build a visit to Alaska that you will remember for a lifetime.

There's no doubt that our Railbelt destinations showcase some of the best of Alaska – and here at the Alaska Railroad, we believe the journey should be just as spectacular as the destination. Our friendly, knowledgeable onboard staff is eager to answer questions and share stories about the Railroad. Passengers can also partake in our onboard dining experience, where we serve freshly prepared meals that highlight local ingredients and specialty menu items. The comfort, space and views you'll enjoy aboard our trains give you the freedom to not simply ride through Alaska, but to experience it. And there's no denying that our tracks just happen to traverse some of the most stunning landscapes on Earth.

We're here to help build your journey and get you where you want to go. Welcome to the Great Land.

Sincerely,

WHO WE ARE

The Alaska Railroad Corporation is a full-service railroad serving ports and communities throughout Southcentral and Interior Alaska. Primarily, we serve as regularly scheduled public transportation in these regions – it's been our commitment since 1923.

In summer, the Alaska Railroad provides daily service to many Alaska destinations. Passengers seeking rail-only travel will find schedules and fares beginning on page 9, while travelers seeking to explore Alaska may be interested in our multi-day travel packages (page 21) and day trips (page 39). Whatever your reason for riding the rails, we think you'll agree the views from our tracks are some of the most spectacular on Earth.

WHERE WE GO

The Alaska Railroad travels along approximately 500 miles of track with three daily summer trains: the Coastal Classic to Seward, the Denali Star to Anchorage, Talkeetna, Denali and Fairbanks and the Glacier Discovery to Whittier, Portage, Spencer Glacier Whistle Stop and Grandview. The Hurricane Turn Flagstop Train runs Thursday through Monday out of Talkeetna during the summer, serving remote homes only accessible by rail.

During non-summer months, the Aurora Winter Train provides service between Anchorage and Fairbanks on weekends and select mid-week departures. The Hurricane Turn winter service runs once a month from Anchorage to Hurricane Gulch on the first Thursday of the month.
