

ALASKA RAILROAD CORPORATION
327 W. Ship Creek Ave.
Anchorage, AK 99501

April 16, 2021

**Addendum 1
Invitation to Bid # 21-10-208864
Signal Crossing System Design & Assembly**

This addendum is being issued to provide information as follows:

CORRECTIONS – ATTACHMENTS: CURRENT BIRCHWOOD AIRPORT PLANS

The original Birchwood Airport Plans attachment was an incorrect file that referenced the Birchwood Airport Control Point instead of the crossing. The correct plan set is attached.

Please delete the original Birchwood Airport Plans in their entirety and replace with the attached plan-set.

BIDDER QUESTIONS:

1. Can you advise which specific Buy America provision (FHWA, FTA, FRA – Supplies and FRA – Construction) apply to this RFQ?

A: This is a FHWA funded project, however, the FHWA Buy America requirements do not apply since it is not construction project.

2. Appendix C of the bid documents states that any equipment alternatives from the Denali Park MP 348.2. document must be approved by ARRC in writing. The Denali Park documents show **6 EA KCTA 540 batteries** (Side “A”, PDF pg 15, Sheet 16 of 22) while Appendix C (Pages 7 & 8 of 51) the scope shows **6 EA C&D KCT 360 batteries** for the MB. Please clarify the type of battery to be supplied with the new houses?

A: The Statement of Work & Specifications in Appendix C shall take precedence over the Denali typical plan-set in the case of any conflicts.

The XB Bank shall consist of 7EA KCT 540 batteries, the MB Bank shall consist of 6EA KCT 360 batteries

ATTACHMENTS:

1. Replacement CURRENT BIRCHWOOD AIRPORT PLAN SETS
